Brief description

I am a very **motivated** Computer Science student. I love this education and that makes me **work hard** for the many projects. I'm interested in practically everything in the field: software engineering, networking, system administration, ... I'm a **critical thinker** with a general interest in knowledge.

Besides that, I like hiking and sometimes you can find me on a race bike.

Education

- 2021–heden **Master of Science in Computer Science**, *Ghent University*.
- 2019–2021 **Honours programme 'Quetelet Lectures'**, *Ghent University*,
Extracurricular programme with lectures on science, culture and society.
